

Christmas in July

at

Valley Integrative is here!

This July, Valley Integrative Chiropractic is proud to join three fellow Arizona chiropractic practices in the annual Christmas in July donation drive benefiting A New Leaf, a local nonprofit that helps individuals and families move from crisis to stability through housing, food, and essential household support. Together with The Power Company (Tempe), Pride Health Institute (Mesa), and Rooted Chiropractic (Mesa), we're collecting new household essentials throughout July to help families create a safe, comfortable place to call home.

Requested donations include new bath towels, twin sheets, cleaning supplies, toasters, pots and pans, silverware, paper towels, and other new household essentials. Because Valley Integrative Chiropractic is an appointment-based practice, donation drop-offs are available by arrangement. Simply contact our office to schedule a convenient drop-off time.

As an added thank-you, we're also offering a special new patient discount during July when one or more requested items are donated for A New Leaf. If you've been thinking about introducing a friend or family member to our practice, this is a wonderful opportunity to support a meaningful local cause while helping someone begin their journey toward better health. Use coupon code JULYCHRISTMAS Thank you for helping us make Christmas in July a little brighter for our community.
